Emerald Ring

Colombia, modern mounting.

Description

Ring in platinum, triangular cut diamonds and square cut emerald. French assay mark for imported platinum and gold. Master mark "WR" "TJ".

Conditions

Overall good condition. Ring will be adapted to the client's finger.

Gemstones: Square cut emerald of 10.00 cts. of Colombian origin with minor amount of oil, in fissures. Provided with SSEF certificate.
Triangular cut diamonds for approximately 3 cts. (F / VS)

Measurements: 1,56 x 1.51 x 0,58 cm.

Weight: 9.20g.

Commentary

Very fine emerald of a medium strong saturation. The stone is eye clean and is set in a contemporary mounting in platinum and yellow gold. We guarantee this objet is original and corresponding on the over-mentioned description.
